JOIN EITHER A SIX OR NINE DAY EXPEDITION IN  
STUNNING CENTRAL AMERICA

## DEAR BRYN MAWR ALUMNAE/I AND FRIENDS,

Discover the tropical wonders of Belize on a voyage exploring the full length of the Belizean Barrier Reef—once endangered but now a UNESCO World Heritage Site. Since the days of the ancient Maya, who flourished along this coast some 1,500 years ago, civilization has had relatively little impact. Much of the region remains genuine wilderness, with large expanses of dense tropical forest, miles of wild rivers, abundant birdlife—and the second largest barrier reef in the world.

Few cruise lines venture here, and *National Geographic Quest* is the perfect platform for exploring. Using a fleet of Zodiacs, kayaks, and paddleboards, you'll explore crystalline waters and land on isolated cayes. The snorkeling is immensely satisfying and your ship is equipped with all the gear you need. And for those who want to and are certified to scuba dive, excursions can be arranged to fit seamlessly with our itinerary.

Cruise coastal rivers in Zodiacs and explore the lush jungle on foot, tackling trails with an expert naturalist who will point out colorful birds, tree frogs, monkeys, and other wildlife. At Mayflower-Bocawina National Park, learn about ongoing research into the behaviors of Belize's jaguars from scientists and researchers.

Make the most of your trip with a land extension venturing into the rainforest to the ancient ruins of Tikal and Yaxhá. Walk among incredibly well-preserved stone temples, palaces, and ceremonial structures, delving deep into the culture and mystery of these immense and cornerstone sites of ancient Maya culture.

Choose between two exciting itineraries: a 6-day voyage to Belize, exploring its wildlife, reefs, and rivers, or a 9-day sea and land expedition combining Belize with the famous Maya ruins in Tikal and Yaxhá in Guatemala. I hope you will decide to join us. **To reserve your place, please return the reservation form or call our group representative at Lindblad Expeditions toll free at 833-985-1261.**

Sincerely,

Millicent Bond '05

# BELIZE: DIVE INTO A WEALTH OF BIODIVERSITY

The Belize Barrier Reef, the largest reef system in the Northern Hemisphere, reveals hundreds of species of fish, marvelous sea turtles, graceful rays, gentle manatees, and over 90 varieties of coral. As only a small percentage of the reef has been

studied, researchers believe hundreds, even thousands, more species could be discovered in this protected zone. Much of Belize remains genuine wilderness, with large expanses of dense tropical forest, miles of wild rivers, and abundant bird life. Protecting 7,000 acres with three waterfalls, miles of hiking trails along creeks cutting through the tropical forest, Mayflower-Bocawina National Park is a gem in Belize's corridor of protected areas. Hike a nature trail with naturalists, photograph colorful tropical plants, search for exotic birds, and look out for the tracks of deer, tapirs, and wild cats. And learn of the extensive research on Central America's apex predator, the jaguar.

## A NATURAL SUCCESS STORY

In 1996, the Belize Barrier Reef was designated a UNESCO World Heritage Site. In 2009, it was added to the List of World Heritage Sites in Danger due to the detection of coral bleaching, mangrove cutting, and excessive development. But in 2019, the Belize Barrier Reef was removed from this list as UNESCO determined it no longer faced threats from development. In recent years,

the Belize government placed a moratorium on oil exploration around the reef and added protections for coastal mangrove forests. Our expeditions put you at the heart of it—to experience the reef in all its natural splendor.

# THE PERFECT PLATFORM FOR EXPLORING

*National Geographic Quest* gives you rare access to the turquoise lagoons and white-sand beaches of the Mesoamerican Reef. She is equipped with a fleet of onboard tools—snorkel gear for every guest, Zodiacs, kayaks, stand-up paddleboards—so you can experience this vibrant habitat up close and with all your senses. A supremely comfortable ship, *National Geographic Quest* features open decks, spacious cabins, generous windows, and an accommodating bow area. Life aboard ship is warm and welcoming. The lounge graciously accommodates the expedition community during evening Recaps, and the casual dining room serves meals in single seatings with unassigned tables for easy mingling.

## SHARE THE ADVENTURE WITH OUR EXPERT TEAM

The A+ expedition team that accompanies you is your key to unlocking the wonders that lie within the diverse ecosystems and spectacular archaeological sites you explore. You travel with an expedition leader and several naturalists—many of whom are knowledgeable locals—plus an undersea specialist, an expedition diver, and a wellness specialist. A certified photo instructor is also aboard to assist you. Whether you are a novice or more advanced, you will take your best photos ever.

# VISIT STUNNING RUINS OF THE ANCIENT MAYA WORLD

Make the most of your time and explore the impressive ruins of the region, once the hub of classic Maya civilization. Discover seldom-visited Yaxhá, a critical ceremonial site and the third largest ruins of the Maya world, beautifully sited overlooking Yaxhá Lake. Then spend a full day at Tikal among

extensive, well-preserved stone temples, palaces, ceremonial platforms, terraces, and roads cloaked in lush, wildlife-harboring vegetation.

Hike into the Maya Biosphere Reserve amid giant ceiba trees—the sacred tree of the Maya—and with the help of experienced naturalists, search for 400+ species of birds, howler and spider monkeys, tree frogs, and more.

Spend three nights at the beautiful Hotel Camino Real Tikal, your home base while you explore the Maya culture and ruins. The hotel is nestled in the rainforest, where you can enjoy the many different species of birds while on an optional bird walk with your naturalist or relax on a sunset boat ride on Lake Petén Itzá.

# WILD BELIZE ESCAPE: WILDLIFE, REEFS & RIVERS

6 DAYS/5 NIGHTS—NATIONAL GEOGRAPHIC QUEST

*Snorkeling with a sea turtle.*

Wander through Belize's tropical wilderness and kayak or paddleboard along white sand beaches. Take a dip in turquoise lagoons with the unique opportunity to snorkel alongside sea turtles, rays, and tropical fish in the world's second largest coral reef system.

## **DAY 1:** BELIZE CITY, BELIZE/EMBARK

Arrive in Belize City where we embark *National Geographic Quest*. (D)

## **DAY 2:** BELIZE BARRIER REEF

Awake anchored in the northern cays of the Mesoamerican Reef System, second only to Australia's Great Barrier Reef in terms of scale and biodiversity. Enjoy a full day to further explore this dynamic ecosystem. Take to the water by kayak or stand-up paddleboard, or don a mask and fins and dive into turquoise waters to encounter sea turtles, swirling schools of tropical fish, and gentle nurse sharks. For scuba divers, incredible dive opportunities abound (additional cost). (B,L,D)

## **DAY 3:** MAYFLOWER-BOCAWINA NATIONAL PARK

Spend the morning discovering Mayflower-Bocawina National Park. Join the naturalists for a hike along one of the trails to photograph tropical plants, scan the treetops for winged wonders, and spot the tracks of tapirs and jungle cats. The national park is dotted with remote and strategically placed "camera traps," which frequently capture images of the legendary and mystical jaguar, so revered in Maya culture. At Bocawina, we learn about ongoing research into the behaviors of Belize's jaguars from scientists and researchers. Tonight, enjoy a festive music performance by the internationally acclaimed drumming group The Garifuna Collective. (B,L,D)

## **DAY 4:** MONKEY RIVER/BELIZE BARRIER REEF

At morning light, we are at the mouth of Monkey River, where we board Zodiacs to cruise inland through the Belizean jungle in search of toucans, green iguanas, and myriad bird species. Few experiences rival hearing the first throaty roar of a mantled howler monkey echoing across the canopy. This afternoon, the Belize Barrier Reef calls us, home to idyllic sandy isles and vibrant corals, where we enjoy more

opportunities to explore by snorkel, kayak, and stand-up paddleboard. For scuba divers, there are incredible dive opportunities (additional cost). (B,L,D)

**DAY 5: BELIZE BARRIER REEF**

Our second straight day on the reef brings us into the central cays where we anchor close and go snorkeling, paddleboarding, diving, or kayaking inside the fringing reef. Coral patches dot the shallow lagoon, harboring parrotfish, butterflyfish, octopus, and other marine species. (B,L,D)

**DAY 6: BELIZE CITY/DISEMBARK**

Return to Belize City overnight and disembark after breakfast to transfer to the international airport for your flight home. Or continue on our land excursion to Tikal and Yaxhá. (B)

*Itinerary stops and sequence subject to modification.*

Later, set out on a birding walk with our naturalists, or take a sunset boat cruise on the lake. (B,L,D)

**DAY 7: YAXHÁ**

Explore Yaxhá, a former Maya ceremonial center situated on a ridge overlooking Yaxhá Lake. The world's third largest known Maya site, Yaxhá spreads across nine plazas and contains multiple pyramids, ball courts, and stelae.
