

The Socio-Economic Impacts of Warehousing in Belvidere, New Jersey

Ruth McLeod '19

The rise in online ordering and next day deliveries come with a demand for local warehouse distribution centers. This talk will be focused on a specific case in Belvidere, New Jersey. In Math and Sustainability, we analyzed the impacts that this warehouse will have on the local community. For this talk I will be presenting the findings of this project. Come to learn about the impacts your shopping has on the environment!
